Notes

Before 1650 supply of Muskets was an issue for the Scots armies at home. No more than 1/3 of the Foot Regt be allowed to be AFP, the rest must be downgraded to LFP
From the Dunbar campaign (1650) the Scots seem to have sorted out their musket supply issues to a great degree and the infantry quality was better. Up to 2/3 of the Foot Regt can be Average and AFP.
Scottish Lancers TUGs can only be taken after the Bishop's Wars (after 1640). From the Dunbar campaign onwards (1650) they should be the outnumber TUGS of ill-furnished Horse

Allies

Historical Notes

This list includes the Bishop's Wars as, pedantically, in the 2nd Bishop's War the army operated in England
This list includes the army that marched south to defeat at Worcester in 1651.

Notes

As Edgehill showed the majority of the horse in 1642 were cowhearted, the left wing which contained the majority of the horse hardly fought and turned tail and fled.
At least half must be regraded as Poor.
